

SHAPING THE FUTURE

Vision and Objectives
Healthcare Strategy 2016-2021

Our Vision is of a future where:

Prevention keeps people well whilst early treatment and support stops conditions from getting worse.

Health and social care services are **Person Centred** recognising that people have differing needs, circumstances and expectations of care.

Health **Inequalities** are reduced and people are encouraged and supported to take **Personal Responsibility** for managing their own health and health conditions.

Care is provided **Closer to Home**, and fewer people need to go to hospital.

Planning Ahead and working in **Partnership** with staff, patients, local councils and community organisations avoids emergency hospital admissions and reduces A&E attendances.

Unnecessary **Delays** and **Variations** in services are minimised and our **Workforce** is fully supported to deliver high quality, safe and effective care.

Our Corporate Objectives:

Plan for the future.

Improve the **health and wellbeing** of the people of Forth Valley, whilst reducing health inequalities.

Improve our focus on **safety and quality**.

Value and develop our people.

Deliver **best value** using our resources.

Promote and build integrated services locally and regionally.

Display **leadership behaviours** that nurture and support transformational change across our health and care system.
