

Coming to CAMHS

<p>When you come to CAMHS for an appointment, it will look different to how it was before.</p>	
<p>The clinic rooms have less toys and furniture in them.</p>	
<p>You might need to wear a face mask and the members of the Team that you meet might also be wearing a face mask.</p>	
<p>Face masks can be difficult to wear and can make us feel hot and uncomfortable and that's O.K</p>	
<p>Face masks make it difficult for us to see if the other person is smiling.</p>	
<p>Face masks might make it difficult for us to be able to hear what the other person has said as it might sound a bit muffled.</p>	
<p>We are making these changes to try to keep us all safe and healthy. The CAMHS Team are looking forward to welcoming you.</p>
