PROGRESS

Ward 5 MH are aiming to improve the completion of 1:1 care plan reviews to 80%.

We are using Teams based approach in A21 to support SPSP improving Falls and Falls with Harm!

Current Teams...

Preparation Stage – CADS North, HMP Glenochil, Theatre 5, Hope House Bellsdyke

Active Teams – MH1, MH5, Day medicine and A21, Trystview Bellsdyke

Independent Teams - CADS South, MH2, MH3, Dollar HC

Forth Valley had a fantastic opportunity to share some of the great work our Teams have been doing at the VM National Event on 5th May. For more information click on the link. [Ihub](#)

FEEDBACK FROM THE TEAMS..

“Our project began with a small number of patients with diabetes and on gaining confidence we have now rolled this out to all our patients with hypertension. I can recommend the value management process but encourage formal training to take place prior to the launch of new quality improvement projects.”
